EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Cannon on September 1, 2004.

The application has been amended as follows:

Claims 3 & 12 have been canceled.

In claim 10, line 8, after "battery casing" insert ", and wherein the top surface of the cover lies no higher than the adjacent surface of the battery".

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the instant claims are allowable over the prior art of record, because the prior art is silent to a battery casing comprising lid having a top surface and a recess inset into the top surface, a vent at the base of the recess through which gas is expelled from the battery, a cover having opposite ends for sealingly covering said recess, sealing means to provide a seal between the cover and the recess, a gas collection space being defined within the covered recess, and a gas guide means formed integrally with and in one position within the cover for guiding gas from the collection space away from the battery through one end of the cover.

CONCLUSIONS

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
